

# Quick How-To:

## How to Translate a Webpage to English

---

### Who is this for?

This guide is for anyone wanting to learn how to change the current language on a webpage or how to easily translate a selected text.

### Step-by-Step Instructions

#### Step 1: Open the Webpage

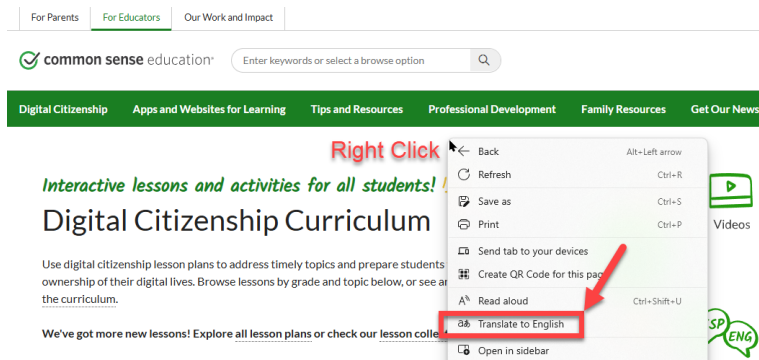

- Go to the website you want to read.
- If it's in another language, Google may offer to translate it at the top.

#### Step 2: Click 'Translate'

- A small bar will pop up asking if you want to translate.
- Click **Translate** to see the page in English.

#### Step 3: Use Google Chrome if You Don't See It

- If no bar shows up, right-click anywhere on the page.
- Choose **Translate to English** from the menu.

#### Step 4: Change Settings If Needed

- You can click the translate icon (  ) in the address bar to choose a different language or turn translation off.

## **You Did It!**

You've learned how to translate text and change the language on a webpage.
