

# Quick How-To:

## How to Use Voice Search in Google

---

### Who is this for?

This guide is for anyone wanting to learn how to search the internet without typing, using their voice instead — helpful for those with limited mobility

### Step 1: Open Google or Chrome

- Open the Google app or the Chrome browser on your phone or tablet.
- Make sure your microphone is on and working.

### Step 2: Tap the Microphone Icon

- On the main screen, look for a small microphone symbol.
- Tap it — you'll hear a sound and see 'Listening...'

### Step 3: Speak Clearly

- Say what you want to search.
- Google will search and show your results instantly.

### Step 4: Browse the Results

- Tap a result to open it, or try another voice search if you didn't get what you needed.

### You Did It!

Now you can search the internet with just your voice — quick, hands-free, and easy.
