

Quick How-To: Create and Share a Digital Story

Who is this for?

This guide is for anyone wanting to create and share a digital family story, tradition, or memory using a phone, tablet, or computer.

Step-by-Step Instructions

Step 1: Choose a Story, Song, or Memory

- Talk with a family member or friend.
- Ask about traditions, favorite camping trip, or a delicious recipe.

Step 2: Record the Story

- Use your phone's camera, voice recorder, or video app.
- Make sure you're in a quiet space and speak clearly.

Step 3: Save and Name the File

- Name the file something that is easy to remember

Step 4: Share with Family

- Send it by text, email, or upload to a private family group or cloud folder.
- Encourage everyone invited to add their memory to the digital story!

You Did It!

You've created and shared a digital—memory that can be shared with family and friends.
