

Quick How-To: Print a Digital Flyer or Form for Someone Without Internet

Who is this for?

This guide is for anyone who wants to help someone without internet access by printing a form or flyer they can't print themselves.

Step-by-Step Instructions

Step 1: Find the Flyer or Form Online

- Use your phone or computer to visit a trusted website or email.
- Download or screenshot the form or flyer.

Step 2: Save It to Your Device

- Make sure it's saved as a photo, PDF, or file you can open again.

Step 3: Connect to a Printer and Print

- Use Wi-Fi, Bluetooth, or a cable to connect to your printer.
- Tap 'Print' or 'Share > Print' if using a phone.

Step 4: Deliver or Drop It Off

- Hand it to them directly or leave it in a safe place.
- Let them know it's ready and printed.

You Did It!

You've printed and shared something that a family member or friend didn't have access too.
