

# Quick How-To: Share a Document or Photo from One Device to Another

---

## Who is this for?

This guide is for anyone wanting to learn how to send a photo or document from their phone to a computer or device.

## Step-by-Step Instructions

### Step 1: Choose the Photo or File

- On your device, open the photo or file you want to share.
- Tap the Share or Send icon (usually a square with an arrow).

### Step 2: Pick a Sharing Method

- Choose to send by text, email, Bluetooth, or AirDrop.
- Select the method that works for both devices.

### Step 3: Select the Person or Device

- Choose who you want to send it to from your contacts or nearby devices.

### Step 4: Send and Confirm

- Tap Send and make sure it goes through.
- Ask the other person to check their messages, email, or downloads folder.

## You Did It!

You now know how to send a photo or document to a computer or different device.
